**Mask Making Techniques** 2023-07-20 Mary C. McClung Mask Making Techniques: Creating 3-D Characters from 2-D Designs for Theatre, Cosplay, Film, and TV, introduces and demonstrates a variety of mask making materials, techniques, and styles to bring extraordinary characters to life. A foundation reference for mask making and design, the book features over 700 color photos and illustrations of different masks, as well as diagrams of construction and finishing techniques. It provides a wealth of practical information about material options, safety, how to build large- and small-scale masks, how to build armatures for appendages, options for coverings, and finishing techniques. Readers will learn how to use a wide range of materials, including latex, paper and fabric mâché, cold foam, thermoplastics, urethane, ethylene vinyl acetate (EVA) foam, resin, found objects, and organic materials. The book also provides tips on topics such as how to create rigid polyfoam head forms and three different ways to create eyes, as well as step-by-step instructions to construct 13 different masks. Mask Making Techniques is written for intermediate mask makers, students of theatrical mask making, costume crafts, and prop making courses, as well as prop builders, costume designers, and artists who create Halloween and cosplay costumes.

*Cosplay in Libraries* 2015-10-27 Ellyssa Kroski Cosplay, comics, anime, and geek culture have exploded into the mainstream over recent years and have resulted in a thriving community of costume enthusiasts and pop culture fans. Today's cosplayers find inspiration on the pages of comics, classic literature, and even history, as well as film, television, and video games to inform their creative and oftentimes elaborate ensembles. They utilize all manner of materials and techniques including 3D printers, thermoplastics, craft foam, fabric and more to design their costumes and props. Libraries on the leading edge are already embracing this new worldwide sensation by integrating cosplay into their programming and events. Learn all about the world of cosplay and how you can host cosplay events, workshops, makerspaces, clubs, and more in your library! This one-stop guide includes quotes and interviews with librarians who are incorporating cosplay into their programming as well as with cosplayers. You'll also find 32 full-color photographs of cosplay in action to give you both ideas and inspiration for getting started!

**Moon's First Friends** 2019-06-04 Susanna Leonard Hill A New York Times and Wall Street Journal bestseller! Delight in this heartwarming picture book about a moon who just wants a friend... the perfect back to school gift! Commemorate the extraordinary 50th anniversary of the Apollo 11 mission and learn about the spaceflight that first landed humans on the moon through this sweet story about friendship! From high up in the sky, the Moon has spent her whole life watching Earth and hoping for someone to visit. Dinosaurs roam, pyramids are built, and boats are made, but still no one comes. The Moon can't help but wonder...will friends ever come visit her? Until one day a spaceship soars from Earth...and so does her heart. Filled with beautiful illustrations and charming text, this moon book for kids ages 4-7 and bedtime read aloud is a must-have for parents and teachers alike searching for new solar system books and astronaut books for toddlers and children. Why

readers love Moon's First Friends: An educational and heartwarming story about the first moon landing told from the unique perspective of the Moon herself!
