2020-09-28 Alexandre Dumas ÊOn the 24th of February, 1815, the look-out at Notre-Dame de la Garde signalled the three-master, thePharaonÊfrom Smyrna, Trieste, and Naples. As usual, a pilot put off immediately, and rounding the Chateau d'If, got on board the vessel between Cape Morgion and Rion island. Immediately, and according to custom, the ramparts of Fort Saint-Jean were covered with spectators; it is always an event at Marseilles for a ship to come into port, especially when this ship, like theÊPharaon, has been built, rigged, and laden at the old Phocée docks, and belongs to an owner of the city. The ship drew on and had safely passed the strait, which some volcanic shock has made between the Calasareigne and Jaros islands; had doubled Pomegue, and approached the harbor under topsails, jib, and spanker, but so slowly and sedately that the idlers, with that instinct which is the forerunner of evil, asked one another

what misfortune could have happened on board. However, those experienced in navigation saw plainly that if any accident had occurred, it was not to the vessel herself, for she bore down with all the evidence of being skilfully handled, the anchor a-cockbill, the jib-boom guys already eased off, and standing by the side of the pilot, who was steering theÊPharaonÊtowards the narrow entrance of the inner port, was a young man, who, with activity and vigilant eye, watched every motion of the ship, and repeated each direction of the pilot. The vague disquietude which prevailed among the spectators had so much affected one of the crowd that he did not await the arrival of the vessel in harbor, but jumping into a small skiff, desired to be pulled alongside thePharaon, which he reached as she rounded into La Reserve basin. When the young man on board saw this person approach, he left his station by the pilot, and, hat in hand, leaned

over the ship's bulwarks. He was a fine, tall, slim young fellow of eighteen or twenty, with black eyes, and hair as dark as a raven's wing; and his whole appearance bespoke that calmness and resolution peculiar to men accustomed from their cradle to contend with danger.

2003 Concha Espina "The human dimension in the novel revolves around the romantic entanglements of three youthful women whose different personalities reflect their regional provenance in a somewhat stereotypical manner: Aurora is a sweet blond woman from Spain's northern highlands, Rosario is a professional newspaper reporter from Madrid, and Casilda is a dark-haired and passionate Andalusian beauty."--BOOK JACKET.

2013-05-14 Anton Chekhov Chekhov is renowned as the greatest short story writer the world has ever known. Here is the second volume of an exciting project to print all Chekhov's stories in the order in which they were originally published in Russia. This edition should prove fascinating for the general reader, and an invaluable aid for scholars seeking to trace the development of Chekhov as a short story writer

2020-02-09 Victor Hugo In 1815 M. Charles François Bienvenu Myriel was Bishop of D--. He was a man of about seventy-five years of age, and had held the see of D-- since 1806.

Although the following details in no way affect our narrative, it may not be useless to quote the rumors that were current about him at the moment when he came to the diocese, for what is said of men, whether it be true or false, often occupies as much space in their life, and especially in their destiny, as what they do. M. Myriel was the son of a councillor of the Aix Parliament. It was said that his father, who intended that he should be his successor, married him at the age of eighteen or twenty, according to a not uncommon custom in parliamentary families. Charles Myriel, in spite of this marriage (so people said), had been the cause of much tattle. He was well built, though of short stature, elegant, graceful, and witty; and the earlier part of his life was devoted to the world and to gallantry. The Revolution came, events hurried on, and the parliamentary families, decimated and hunted down, became dispersed. M. Charles Myriel emigrated to Italy in the early part of the Revolution, and his wife, who had been long suffering from a chest complaint, died there, leaving no children. What next took place in M. Myriel's destiny? Did the overthrow of the old French society, the fall of his own family, and the tragic spectacles of '93, more frightful perhaps to the emigrés who saw them from a distance with the magnifying power of terror, cause ideas of renunciation and solitude to germinate in him? Was he, in the midst of one of the distractions and affections which occupied his life, suddenly assailed by one of those mysterious and terrible blows which often prostrate, by striking at his heart, a man whom public catastrophes could not overthrow by attacking him in his existence and his fortune? No one could have answered these questions; all that was known was that when he returned from Italy he was a priest.

2014-06-26 Teresa Fernandez Ulloa This book addresses contemporary discourses on a wide variety of topics related to the ideological and epistemological changes of the 19th, 20th and 21st centuries, and the ways in which they have shaped the Spanish language and cultural manifestations in both Spain and Hispanic America. The majority of the chapters are concerned with 'otherness' in its various dimensions; the alien Other - foreign, immigrant, ethnically different, disempowered, female or minor - as well as the Other of different sexual orientation and/or ideology. Following Octavio Paz, otherness is expressed as the attempt to find the lost object of desire, the frustrating endeavour of the androgynous Plato wishing to embrace the other half of Zeus, who in his wrath, tore off from him. Otherness compels human beings to search for the complement from which they were severed.

Thus a male joins a female, his other half, the only half that not only fills him but which allows him to return to the unity and reconciliation which is restored in its own perfection, formerly altered by divine will. As a result of this transformation, one can annul the distance that keeps us away from that which, not being our own, turns into a source of anguish. The clashing diversity of all things requires the human predisposition to accept that which is different. Such a predisposition is an expression of epistemological, ethical and political aperture. The disposition to co-exist with the different is imagined in the de-anthropocentricization of the bonds with all living realms. And otherness is, in some way, the reflection of sameness (mismidad). The other is closely related to the self, because the vision of the other implies a reflection about the self; it implies, consciously or not, a relationship with the self. These topics are addressed in this book from an interdisciplinary perspective, encompassing arts, humanities and social sciences.

2018-07-12 Jon Krakauer With an introduction by novelist David Vann In April 1992, Chris McCandless set off alone into the Alaskan wild. He had given his savings to charity, abandoned his car and his possessions, and burnt the money in his wallet, determined to live a life of independence. Just four months later, Chris was

found dead. An SOS note was taped to his makeshift home, an abandoned bus. In piecing together the final travels of this extraordinary young man's life, Jon Krakauer writes about the heart of the wilderness, its terribly beauty and its relentless harshness. *Into the Wild* is a modern classic of travel writing, and a riveting exploration of what drives some of us to risk more than we can afford to lose.

2009-02-05 Richard Sennett Why do people work hard, and take pride in what they do? This book, a philosophically-minded enquiry into practical activity of many different kinds past and present, is about what happens when people try to do a good job. It asks us to think about the true meaning of skill in the 'skills society' and argues that pure competition is a poor way to achieve quality work. Sennett suggests, instead, that there is a craftsman in every human being, which can sometimes be enormously motivating and inspiring - and can also in other circumstances make individuals obsessive and frustrated. The Craftsman shows how history has drawn fault-lines between craftsman and artist, maker and user, technique and expression, practice and theory, and that individuals' pride in their work, as well as modern society in general, suffers from these historical divisions. But the past lives of crafts and craftsmen show us ways of working (using tools, acquiring skills, thinking about materials) which provide rewarding alternative ways for people to utilise their talents. We need to recognise this if motivations are to be understood and lives made as fulfilling as possible.

2019-06-26 Charles Baudelaire *Les Flers du Mal*, translated as *The Flowers of Evil* (first published in 1857), originally condemned as obscene, is recognized as a masterpiece, especially remarkable for the brilliant phrasing, rhythm, and expressiveness of its lyrics.

Charles Baudelaire (1821-1867) was one of the greatest French poets of the 19th century.

2021-01-18 Fyodor Dostoevsky A few words about Dostoevsky himself may help the English

reader to understand his work. Dostoevsky was the son of a doctor. His parents were very hard-working and deeply religious people, but so poor that they lived with their five children in only two rooms. The father and mother spent their evenings in reading aloud to their children, generally from books of a serious character. Though always sickly and delicate Dostoevsky came out third in the final examination of the Petersburg school of Engineering. There he had already begun his first work, "Poor Folk." This story was published by the poet Nekrassov in his review and was received with acclamations. The shy, unknown youth found himself instantly something of a celebrity. A brilliant and successful career seemed to open before him, but those hopes were soon dashed. In 1849 he was arrested.

2009-09-30 Horacio Castellanos Moya Salvadorean society is shocked by the gruesome murder of a young upper-class woman, and no one more so than her best friend Laura. In her first-person solo narration, Laura rattles on and on about her disbelief and horror at the evils all around her—but who's that in the mirror? Laura Rivera can't believe what has happened. Her best friend has been killed in cold blood in the living room of her home, in front of her two young daughters! Nobody knows who pulled the trigger, but Laura will not rest easy until she finds out. Her dizzying, delirious, hilarious, and blood-curdling one-sided dialogue carries the reader on a rough and tumble ride through the social, political, economic, and sexual chaos of post-civil war San Salvador. A detective story of pulse-quickening suspense, *The She-Devil in the Mirror* is also a sober reminder that justice and truth are more often than not illusive. Castellanos Moya's relentless, obsessive narrator—female, rich, paranoid, wonderfully perceptive, and, in the end, fabulously unreliable—paints with frivolous profundity a society in a state of collapse. Castellanos Moya's *Senselessness* was acclaimed "an innovative and invigoratingly twisted piece of art" (*Village Voice*) and "a brilliantly crafted moral fable, as if Kafka had gone to Latin America for his source materials" (Russell Banks).

2008 José Cadalso This is the first English translation of a lyrical poem in prose that Sebald considers to be the first fully Romantic work of continental European literature.

2020-11-10 Mark Twain "The Adventures of Tom Sawyer" by Mark Twain is an 1876 novel about a young boy growing up along the Mississippi River. It is set in the 1840 in the fictional town of St. Petersburg, inspired by Hannibal, Missouri, where Twain lived as a boy. In the novel Tom Sawyer has several adventures, often with his friend Huckleberry Finn. Originally a commercial failure, the book ended up being the best selling of any of Twain's works during his lifetime. Though overshadowed by its sequel, *Adventures of Huckleberry Finn*, the book is by many considered a masterpiece of American literature, and was one of the first novels to be written on a typewriter."

2015-03-08 Stephen Gilman As a major piece of historical detective work. Stephen Gilman's "La Celestina" and the Spain of Fernando de Rojas adds a new dimension to critical studies of the

fifteenth-century masterpiece. Using the text of *La Celestina* as well as public and private archives in Spain, Mr. Oilman builds up a vivid sense of the man behind the dialogue and establishes Fernando de Rojas indisputably as its author—a figure whom critics, while ranking his novel second only to *Don Quixote*, have treated as semi-anonymous or non-existent. We cannot really know what the *Celestina* is, says Mr. Oilman, without speculating as rigorously and as learnedly as possible both on how it came to be and on how it could come to be.

Thus he reconstructs the world of Rojas, country lawyer and converso, the social, religious, and intellectual milieu of Salamanca, of Spain during the Inquisition, of the converted Jew. He makes it possible for us to see the author—the law student writing feverishly during a fortnight's vacation from classes—in the context of his own times and thus to understand Rojas' achievement: his unconventionality; his sardonic judgment of the Spain in which he lived; the explosive originality, in fact, of *La Celestina*. 2017-10-19 Virginia Woolf In this extraordinary essay, Virginia Woolf examines the limitations of womanhood in the early twentieth century. With the startling prose and poetic licence of a novelist, she makes a bid for freedom, emphasizing that the lack of an independent income, and the titular 'room of one's own', prevents most women from reaching their full literary potential.

2005-02-01 Gabriel Garcia Marquez Written with compassionate realism and wit, the stories in this mesmerizing collection depict the disparities of town and village life in South America, of the frightfully poor and outrageously rich, of memories and illusions, and of lost opportunities and present joys.

2019-02-08 Fyodor Dostoevsky "The Grand Inquisitor" is one of the 'books' from "The Brothers Karamazov", Fyodor Dostoevsky's 800-page magnum opus. His largest work, it concerns the stories of the novice Alyosha Karamazov, the non-believer Ivan Karamazov, and the soldier Dmitri Karamazov. "The Grand Inquisitor" is the most famous chapter of this masterpiece, presented as a parable told by Ivan to Alyosha about Christ's Second Coming in Seville and subsequent imprisonment by an old Grand Inquisitor. Fyodor Mikhailovich Dostoevsky (1821 - 1881) was a Russian novelist, essayist, short story writer, journalist, and philosopher. His literature examines human psychology during the turbulent social, spiritual and political atmosphere of 19th-century Russia, and he is considered one of the greatest psychologists in world literature. A prolific writer, Dostoevsky produced 11 novels, three novellas, 17 short stories and numerous other works. This volume will appeal to lovers

of the short story form, and it is not to be missed by fans and collectors of Dostoyevsky's marvellous work. Other notable works by this author include: "Crime and Punishment" (1866), "Notes from the Underground" (1864), and "The Idiot" (1869).

1968 Gustave Flaubert Jacques Barzun's masterful translation proves that Flaubert's Dictionary of Accepted Ideas--an acid catalogue of the clichés of 19th-century France--is as relevant today as ever.

2015-10-08 Lucia Berlin The New York Times bestseller. 'This selection of 43 stories should by all rights see Lucia Berlin as lauded as Jean Rhys or Raymond Carver' - Independent Introduced by Lydia Davis, Lucia Berlin's stories in A Manual for Cleaning Women make for one of the most remarkable unsung collections in twentieth-century American fiction. With extraordinary honesty and magnetism, Lucia Berlin invites us into her rich, itinerant life: the drink and the mess and the pain and the beauty and the moments of surprise and of grace. Her voice is uniquely

witty, anarchic and compassionate. 'With Lucia Berlin we are very far away from the parlours of Boston and New York and quite far away, too, from the fiction of manners, unless we are speaking of very bad manners . . . The writer Lucia Berlin most puts me in mind of is the late Richard Yates.' - LRB, 1999

2012-06-05 Mario Vargas Llosa The Dream of the Celt explores the life of the Irish revolutionary Sir Roger Casement who was executed for treason after his involvement in the 1916 Easter Rising, travelling with its protagonist from Liverpool and Dublin to the Congo and Peru, where Casement worked as a British consul, and to London, where he ended his life in Pentonville jail. With its preoccupation with political issues and its international scope The Dream of the Celt sits firmly in the tradition of the greatest of Vargas Llosa's work.

The extraordinary people who passed through their lives are also pictured: Sam Shepard, Harry Smith, William Burroughs, Allen Ginsberg. Along with never-before-published photographs, drawings, and ephemera, this edition captures a moment in New York when everything was possible. And when two kids seized their destinies as artists and soul mates in this inspired story of love and friendship.

2008-09-04 Laura Restrepo Aguliar returns home after a four-day business trip to discover that his beloved wife has gone mad. Desperate to rescue Agustina from her sudden, devastating insanity, Aguliar delves back into her shadowy past. Other narratives are intertwined with his frantic search for the truth; that of Midas, a flamboyant drug-trafficker and Agustina's former lover, and Agustina's splintered memories of her own troubled childhood. The key to her madness lies

buried deep in a Colombian story of money, power and corruption.

2013-04-04 Mario Vargas Llosa In this book, Vargas Llosa invites readers to enter into his confidence as he unravels six of his own novels and two other works of fundamental importance to him. Vargas Llosa's native Peru, the setting and character of much of his fiction, is at the centre of his piece on "The Chronicles of the Birth of Peru" - the powerful account of the discovery and conquest of Peru by the Spaniards - which Vargas Llosa describes as "novels disguised as history". In other chapters, Vargas Llosa tells how his method of writing has evolved, discusses his attraction to Sartre's work and his days at military school, describes what it was like at nine to see the ocean for the first time, and explains the process of changing the dead language of "soap operas" (as in his own "Aunt Julia and the Scriptwriter") into the living language of serious art. He also relates why "The War of the End of the World" is his personal favourite among his novels.

Throughout A Writer's Reality, Vargas Llosa focusses on what he sees as a central metaphor for the writer's task - to transform lies into truth.

2020-10-14 Charles Dickens The story of Oliver Twist - orphaned, and set upon by evil and adversity from his first breath - shocked readers when it was published. After running away from the workhouse and pompous beadle Mr Bumble, Oliver finds himself lured into a den of thieves peopled by vivid and memorable characters - the Artful Dodger, vicious burglar Bill Sikes, his dog Bull's Eye, and prostitute Nancy, all watched over by cunning master-thief Fagin. Combining elements of Gothic Romance, the Newgate Novel and popular melodrama, Dickens created an entirely new kind of fiction, scathing in its indictment of a cruel society, and pervaded by an unforgettable sense of threat and mystery.
