Poetry Will Save Your Life 2017-08-15 Jill Bialosky "An unconventional and inventive coming-of-age memoir organized around forty-three remarkable poems by poets such as Robert Frost, Emily Dickinson, Wallace Stevens and Sylvia Plath ... For Jill Bialosky, certain poems stand out like signposts at pivotal moments in a life: the death of a father, adolescence, first love, leaving home, the suicide of a sister, marriage, the birth of a child, the day in New York City the Twin Towers fell ... she illuminates the ways in which particular poems offered insight, compassion, and connection, and shows how poetry can be a blueprint for living"--

Poems by Emily Dickinson 1890 Emily Dickinson

Figuring 2019-02-05 Maria Popova Figuring explores the complexities of love and the human search for truth and meaning through the interconnected lives of several historical figures across four centuries—beginning with the astronomer Johannes Kepler, who discovered the laws of planetary motion, and ending with the marine biologist and author Rachel Carson, who catalyzed the environmental movement. Stretching between these figures is a cast of artists, writers, and scientists—mostly women, mostly queer—whose public contribution have risen out of their unclassifiable and often heartbreaking private relationships to change the way we understand, experience, and appreciate the universe. Among them are the astronomer Maria Mitchell, who paved the way for women in science; the sculptor Harriet Hosmer, who did the same in art; the journalist and

literary critic Margaret Fuller, who sparked the feminist movement; and the poet Emily Dickinson. Emanating from these lives are larger questions about the measure of a good life and what it means to leave a lasting mark of betterment on an imperfect world: Are achievement and acclaim enough for happiness? Is genius? Is love? Weaving through the narrative is a set of peripheral figures—Ralph Waldo Emerson, Charles Darwin, Elizabeth Barrett Browning, Herman Melville, Frederick Douglass, Nathaniel Hawthorne, and Walt Whitman—and a tapestry of themes spanning music, feminism, the history of science, the rise and decline of religion, and how the intersection of astronomy, poetry, and Transcendentalist philosophy fomented the environmental movement.

White Heat 2009-12-01 Brenda Wineapple White Heat is the first book to portray the remarkable relationship between America's most beloved poet and the fiery abolitionist who first brought her work to the public. As the Civil War raged, an unlikely friendship was born between the reclusive poet Emily Dickinson and Thomas Wentworth Higginson, a literary figure who ran guns to Kansas and commanded the first Union regiment of black soldiers. When Dickinson sent Higginson four of her poems he realized he had encountered a wholly original genius; their intense correspondence continued for the next quarter century. In White Heat Brenda Wineapple tells an extraordinary story about poetry, politics, and love, one that sheds new light on her subjects and on the roiling America they shared.

Hawthorne 2012-01-11 Brenda Wineapple Handsome, reserved, almost frighteningly aloof until he was approached, then playful, cordial, Nathaniel Hawthorne was as mercurial and double-edged as his writing. "Deep as Dante," Herman Melville said. Hawthorne himself declared that he was not "one of those supremely hospitable people who serve up their own hearts, delicately fried, with brain sauce, as a tidbit" for the public. Yet those who knew him best often took the opposite position. "He always puts himself in his books," said his sister-in-law Mary Mann, "he cannot help it." His life, like his work, was extraordinary, a play of light and shadow. In this major new biography of Hawthorne, the first in more than a decade, Brenda Wineapple, acclaimed biographer of Janet Flanner and Gertrude and Leo Stein ("Luminous"—Richard Howard), brings him brilliantly alive: an exquisite writer who shoveled dung in an attempt to found a new utopia at Brook Farm and then excoriated the community (or his attraction to it) in caustic satire; the confidant of Franklin Pierce, fourteenth president of the United States and arguably one of its worst; friend to Emerson and Thoreau and Melville who, unlike them, made fun of Abraham Lincoln and who, also unlike them, wrote compellingly of women, deeply identifying with them—he was the first major American writer to create erotic female characters. Those vibrant, independent women continue to haunt the imagination, although Hawthorne often punishes, humiliates, or kills them, as if exorcising that which entralls. Here is the man rooted in Salem, Massachusetts, of an old pre-Revolutionary family, reared partly in the wilds of western Maine, then schooled along with Longfellow at Bowdoin College. Here are his idyllic marriage to the youngest and prettiest of the Peabody sisters and his longtime friendships, including with Margaret Fuller, the notorious feminist writer and intellectual. Here too is Hawthorne at the end of his days, revered as a genius, but considered as well to be an embarrassing puzzle by the Boston intelligentsia, isolated by fiercely held political loyalties that placed him against the Civil War and the currents of his time. Brenda Wineapple navigates the high tides and chill undercurrents of Hawthorne's fascinating life and work with clarity, nuance, and insight. The novels and tales, the incidental writings, travel notes and children's books, letters and diaries reverberate in this biography, which both charts and protects the dark unknowable core that is quintessentially Hawthorne. In him, the quest of his generation for an authentically American voice bears disquieting fruit.

Emily Dickinson in Love 2012-05-16 John Evangelist Walsh From the award-winning author of *Poe the Detective: The Curious Circumstances Behind "The Mystery of Marie Roget"* comes a compelling argument for the identity of Emily Dickinson's true love Proud of my broken heart Since thou didst break it, Proud of the pain I Did not feel till thee . . . Those words were written by Emily Dickinson to a married man. Who was he? For a century or more the identity of Emily Dickinson's mysterious "Master" has been eagerly sought, especially since three letters from her to him were found and published in 1955. In *Emily Dickinson in Love*, John Evangelist Walsh provides the first book-length treatment of this fascinating subject, offering a solution based wholly on documented facts and the poet's own writings. Crafting the affair as a love story of rare appeal, and writing with exquisite attention to detail, in Part I Walsh reveals and meticulously proves the Master to be Otis Lord, a friend of the poet's father and a man of some reputation in law and politics. Part II portrays the full dimensions of their thirty-year romance, most of it clandestine, including a series of secret meetings in Boston. After uncovering and confirming the Master's identity, Walsh fits that information into known events of Emily's life to make sense of facts long known but little understood—Emily's decision to dress always in white, for instance, or her extreme withdrawal from a normal existence when she had previously been an active, outgoing friend to many men and women. In a lengthy section of Notes and Sources, Walsh presents his proofs in abundant detail, demonstrating that the evidence favors one man so irresistibly that there is left no room for doubt. Each reader will decide if he has truly succeeded in making the case for Otis Lord.

Fanny Seward 2015-01-06 Trudy Krisher On April 14, 1865, the night of President Lincoln's assassination, Booth's conspirator Lewis Powell attempted to assassinate Secretary of State William Seward in his home just blocks from Ford's Theatre. The attack, which left Seward and his son seriously wounded, is recounted in poignant detail in Fanny Seward's diary. Fanny, the beloved only daughter of Seward, was a keen observer, and her diary entries from 1858 to 1866 are the foundation of Krisher's vivid portrait of the young girl who was an eyewitness to one of the most tumultuous periods in American history. Fanny offers intimate observations on the politicians, generals, and artists of the time. She tells of attending dinner parties, visiting troops, and going to the theater, often alongside President Abraham Lincoln and his wife Mary. Through Fanny's writings, Krisher not only skillfully brings to life the events and activities of a progressive political family but also illuminates the day-to-day drama of the war. Giving readers a previously unseen glimpse into the era, *Fanny Seward: A Life* broadens our understanding of Civil War America.

Soul at the White Heat 2017-09-19 Joyce Carol Oates A new collection of critical and personal essays on writing, obsession, and inspiration from National Book Award-winning and New York Times bestselling author Joyce Carol Oates, now in paperback. "Why do we write?" With this question, Joyce Carol Oates begins an imaginative exploration of the writing life, and all its attendant anxieties, joys, and futilities, in this collection of seminal essays and criticism. Leading her quest is a desire to understand the source of the writer's inspiration—do subjects haunt those that might bring them back to life until the writer submits? Or does something "happen" to us, a sudden ignition of a burning flame? Can the appearance of a muse-like Other bring about a writer's best work? In *Soul at the White Heat*, Oates deploys her keenest critical faculties, conjuring contemporary and past voices whose work she deftly and creatively dissects for clues to these elusive questions. Virginia Woolf, John Updike, Emily Dickinson, Henry James, J. M. Coetzee, Margaret Atwood, Joan Didion, Zadie Smith, and many others appear as predecessors and peers—material through which Oates sifts in acting as literary detective, philosopher, and student. The book is at its most thrilling when watching the writer herself at work, and Oates provides rare insight into her own process, in candid, self-aware dispatches from the author's own writing room. Longtime admirers of Joyce Carol Oates' novels as well as her prose will discover much to be inspired by and obsess upon themselves in this inventive collection from an American master. As

the New York Times has said of her essays, “Oates’s writing has always seemed effortless: urgent, unafraid, torrential. She writes like a woman who walks into rough country and doesn’t look back.”

Open Me Carefully 1998 Emily Dickinson

The Encyclopedia of New York City 2010-12-01 Kenneth T. Jackson Covering an exhaustive range of information about the five boroughs, the first edition of The Encyclopedia of New York City was a success by every measure, earning worldwide acclaim and several awards for reference excellence, and selling out its first printing before it was officially published. But much has changed since the volume first appeared in 1995: the World Trade Center no longer dominates the skyline, a billionaire businessman has become an unlikely three-term mayor, and urban regeneration—Chelsea Piers, the High Line, DUMBO, Williamsburg, the South Bronx, the Lower East Side—has become commonplace. To reflect such innovation and change, this definitive, one-volume resource on the city has been completely revised and expanded. The revised edition includes 800 new entries that help complete the story of New York: from Air Train to E-ZPass, from September 11 to public order. The new material includes broader coverage of subject areas previously underserved as well as new maps and illustrations. Virtually all existing entries—spanning architecture, politics, business, sports, the arts, and more—have been updated to reflect the impact of the past two decades. The more than 5,000 alphabetical entries and 700 illustrations of the second edition of The Encyclopedia of New York City convey the richness and diversity of its subject in great breadth and detail, and will continue to serve as an indispensable tool for everyone who has even a passing interest in the American metropolis.

The New Yorker 2008-08 Harold Wallace Ross

New Croton Review 2023-04-27 Jeanne-Noel Mahoney The Spring 2023 issue of the New Croton Review contains 80 works of fiction, nonfiction, poetry, visual art, and photography; from 54 people from all over the US. It's an outstanding collection of creative work, so check it out today!

The New Criterion 2008

The Anachronistic Turn 2023-12-01 Stephanie Russo The Anachronistic Turn: Historical Fiction, Drama, Film and Television is the first study to investigate the ways in which the creative use of anachronism in historical fictions can allow us to rethink the relationship between past and present. Through an examination of literary, cinematic, and popular texts and practices, this book investigates how twenty-first century historical fictions use creative anachronisms as a way of understanding modern issues and anxieties. Drawing together a wide range of texts across all forms of historical fiction - novels, dramas, musicals, films and television - this book re-frames anachronism not as an error, but as a deliberate strategy that emphasises the fictionalising tendencies of all forms of historical writing. The book achieves this by exploring three core themes: the developing trends in the twenty-first century for creators of historical fiction to include deliberate anachronisms, such as contemporary references, music, and language; the ways in which the deliberate use of anachronism in historical fiction can allow us to rethink the relationship between past and present, and; the way that contemporary historical fiction uses anachronism to better understand modern issues and anxieties. This book will appeal to students and scholars of historical fiction, contemporary historical film and television studies, and historical theatre studies.

Studies in Victorian and Modern Literature 2015-07-29 William Baker This book is both a celebration of the life and career of the eminent literary scholar, critic, and journalist John Sutherland and an extension of Sutherland's work in various fields, including nineteenth- and twentieth-century Anglo-American literature, the publishing industry, and its impact upon creativity and literary puzzles.

Founding Friendships 2015 Cassandra A. Good "American popular culture is filled with movies, books, and articles asking whether friendships between men and women are possible. In *Founding Friendships*, Cassandra Good demonstrates that this is hardly a new issue; indeed, many of the nation's founding fathers had female friends. Elite men and women over two hundred years ago formed loving, politically significant friendships. Abigail Adams called her friend Thomas Jefferson "one of the choice ones on earth," while George Washington signed a letter to his friend Elizabeth Powel with the words "I am always Yours." The emotionally rich language of this period is often mistaken for romance, but this book's innovative analysis of letters, diaries, poetry, and novels in the past reveals that friendships between men and women were quite common. At a time when personal relationships were deeply political, these friendships embodied the core values of the new nation. *Founding Friendships* offers a fresh and expansive look at how America's founding generation of men and women defined and experienced friendship, love, gender, and power in the new nation"--

The Life of Emily Dickinson 1994 Richard Benson Sewall A massively detailed, illustrated biography of Emily Dickinson.

The Grand Chorus of Complaint 2011-06-16 Michael J. Everton An engaging study of authorship, ethics, and book publishing in 18th- and 19th-century America, *The Grand Chorus of Complaint* considers the uneasy relationship between art and commerce with readings of correspondence, newspaper articles, and works by Thomas Paine, Herman Melville, and Fanny Fern.

The Secret Life of Emily Dickinson: A Novel 2010-02-22 Jerome Charyn What if the old maid of Amherst wasn't an old maid at all? The poet dons a hundred veils, alternately playing wounded lover, penitent, and female devil in this extraordinary adventure that will disturb and delight.

Emily Dickinson and the Art of Belief 2004-02-03 Roger Lundin Garnering awards from Choice, Christianity Today, Books & Culture, and the Conference on Christianity and Literature when first published in 1998, Roger Lundin's *Emily Dickinson and the Art of Belief* has been widely recognized as one of the finest biographies of the great American poet Emily Dickinson. Paying special attention to her experience of faith, Lundin skillfully relates Dickinson's life -- as it can be charted through her poems and letters -- to nineteenth-century American political, social, religious, and intellectual history. This second edition of Lundin's superb work includes a standard bibliography, expanded notes, and a more extensive discussion of Dickinson's poetry than the first edition contained. Besides examining Dickinson's singular life and work in greater depth, Lundin has also keyed all poem citations to the recently updated standard edition of Dickinson's poetry. Already outstanding, Lundin's biography of Emily Dickinson is now even better than before.
