Himanshu Sharma This book is the combination of a Book + Question Bank + Series + Exam helpers + Online Solution + detailed solution + in hand QR code solution + Sweet and Short

tricks + blank Note page + MCQ's + Important Facts + important theorems + famous mathematicians + Vedic maths + Mind maps. This revolutionary S.E.H. Mathematics Class 10th book will help you to solve all types of questions with short tricks and long academic method. the main motive to write this book to improve the mathematical ability of all the children. because during the pandemic (Covid - 19) many more children lost their basic knowledge which they got from their previous classes like 7th , 8th, 9th and also some children buy many more books, solutions, guides, series to get full satisfaction in their typical subjects like maths. this book contains all the questions of NCERT Maths book and R.D. Sharma's book. because NCERT book is not sufficient and R.D. Sharma's Book is look like an Epic . so the author represents this combination with a different manner. the author (Himanshu Sharma) try to create a book which will help to all of them, who were in doubts, queries, weak concepts, & demolished basics which was affected by pandemic.

2001 Imran Hamza Alawiye Introduces the learner to a range of Arabic vocabulary grouped according to subject, including items within the home and school, animals, shapes, fruit and vegetables, and others. This work also provides learners with a basic knowledge of Arabic grammar, enabling them to take their first steps in understanding and using non-verbal sentences.

2020-02-18 Noureldin Abdelaal This textbook provides a comprehensive resource for translation students and educators embarking on the challenge of translating into and out of English and Arabic. Combining a solid basis in translation theory with examples drawn from real texts including the Qu'ran, the author introduces a number of the problems and practical considerations which arise during translation between

English and Arabic, equipping readers with the skills to recognise and address these issues in their own work through practical exercises. Among these considerations are grammatical, semantic, lexical and cultural problems, collocations, idioms and fixed expressions. With its coverage of essential topics including culturally-bound terms and differences, both novice and more experienced translators will find this book useful in the development of their translation practice.

2014-02-08 Dr. V. Abdur Rahim Professor Abdur Rahim's eight-volume texts enable the student to acquire a knowledge of Arabic in the classical structural form. All of the books teach essential language skills through applied grammar. Each lesson is based on a conversation which illustrates distinctive language patterns. A variety of exercises helps the student to understand and master each of the patterns occurring in the lesson. The vocabulary ranges from classical and Quranic Arabic to words and expressions current in modern Arabic. This series of books is currently being utilized at various schools to prepare students for the University of London (UK) GCE O-Level and A-Level examinations.

2008-12-10 Rajend Mesthrie This volume gives a detailed overview of the varieties of English spoken in Africa, South and Southeast Asia, including L1 varieties (such as White South African or St Helena English), L2 varieties (such as Cameroon, Pakistani, or Malaysian English) as well as pidgins and creoles

(such as Nigerian or Ghanaian Pidgin). The chapters, written by widely acclaimed specialists, provide concise and comprehensive information on the phonological, morphological and syntactic characteristics of each variety discussed. The articles are followed by exercises and study questions. The exercises are geared towards students and can be used for classroom assignments as well as for self study in preparation for exams. Instructors can use the exercises, sound samples and interactive maps to enhance their classroom presentations and to highlight important language features. The accompanying CD-ROM contains interactive maps and speech samples that supplement the printed articles and offer material and data for further research. The rich detail found in the chapters as well

as the valuable tools on the CD-Rom make this survey of English Varieties a mainstay for researchers and teachers. The content of the CD-ROM is online:
