**Kaisertum und Rom in spätsalischer und staufischer Zeit** 2010 Jürgen Petersohn "Gegenstand des vorliegenden Buches sind die Wechselwirkungen von Romidee und Rompolitik im Ringen von Kaiser, Papst und städtischer Kommune, die die Geschichte des 12. und 13. Jahrhundert weithin bestimmen. Die ideen-geschichtlichen Grundlagen dieser Auseinandersetzungen wurden zum einen durch den neuartigen imperialen Romherrschaftsanspruch Kaiser Heinrichs V., zum anderen durch die vielgestaltige Romidee des Montecassineser Mönchs Petrus Diaconus gelegt. Der Nachweis seiner Verfasserschaft für die vieldiskutierte „Graphia aureae urbis Romae“ durch den aus Deutschland emigrierten Altphilologen Herbert Bloch im Jahre 1984 und die dadurch bedingte Neubewertung seiner nicht selten auf fiktiven Voraussetzungen beruhenden historischen und hagiographischen Schriften verlagert die von Percy Ernst Schramm der Wende des 10. zum 11. Jahrhunderts zugewiesene Schlüsselperiode des römischen Renovatiogedankens nunmehr zwingend auf die Mitte des 12. Jahrhunderts - also in die Epoche der senatorischen Erneuerungsbewegung und der staufischen Italienpolitik in der Auseinandersetzung mit dem Papsttum und der römischen Kommune - und läßt den Romgedanken damit als „Grande idée“ des hochmittelalterlichen Romdiskurses hervortreten."--Publisher's website.

**The Neanderthals** 2008-10-27 Stephanie Muller The Neanderthal is among the most mysterious relatives of Homo sapiens: Was he a dull, club-swinging muscleman, or a being with developed social behaviour and the ability to speak, to plan precisely, and even to develop views on the afterlife? For many, the Neanderthals are an example of primitive humans, but new discoveries suggest that this image needs to be revised. Half a million years ago in Ice Age Europe, there emerged people who managed to cope well with the difficult climate - Neanderthal Man. They formed an organized society, hunted Mammoths, and could make fire. They were able to pass on knowledge; they cared for the old and the handicapped, burying their dead, and placing gifts on their graves. Yet, they became extinct, despite their cultural abilities. This richly illustrated book, written for general audiences, provides a competent look at the history, living conditions, and culture of the

Neanderthal.

*Past Societies* 2020-07-13 Johannes Müller From the North Atlantic to the Persian Gulf and from Peru to the Near East, this book illustrates different studies on the interfluvium of environments and societies in landscapes and describes certain historical moments and processes in which the interplay of ecological and societal factors is entangled.

**Mathilde Franziska Anneke (1817-1884)** 2006 Susan L. Piepke One of the forgotten nineteenth-century women writers, Mathilde Franziska Anneke (1817-1884) was a political activist, writer, and educator who experienced exciting historical times in both Germany and the United States (Wisconsin). Writing on the eve of the German Revolution of 1848, she founded a short-lived revolutionary newspaper and even rode into battle. Later, in exile in the United States, she used her journalistic and oratory skills in support of the women's suffrage and anti-slavery movements. This book is an excellent supplemental reading for women's studies and history classes as well as German literature in translation.

**Die Lebenswelt des europäischen Spätmittelalters** 2014-09-29 Arnold Esch Menschen des späten Mittelalters, die sonst in keiner historischen Quelle zu Worte kämen, erzählen ihre kleinen Schicksale. Sie schreiben an den Papst und bitten um Absolution: Da geht es um Liebe und Tod, Krieg und Pest, Condottieri und Piraten, Pilgerfahrten und Hexenritte. Der große Mediävist Arnold Esch hat diese Stücke zu einem hinreißenden Buch verwoben, das uns durch alle Sphären führt: vom Himmel durch die Welt zur Hölle. Aus Tausenden von unveröffentlichten Schreiben an den Papst hat Arnold Esch für diesen Band, der an die Wahren Geschichten aus dem Mittelalter anschließt, eine Auswahl getroffen. Doch diesmal kommen die Gesuche nicht nur aus dem mitteleuropäischen Raum, sondern aus ganz Europa, von Portugal bis Polen, von Schottland bis Sizilien. Kaum irgendwo sonst wird das Mittelalter so aus der Nähe betrachtet und gerade dadurch ungewöhnlich anschaulich und lebendig.

*History of the Alps, 1500-1900* 2009 Jon Mathieu In the 1700s, Jean-Jacques Rousseau celebrated the Alps as the quintessence of the triumph of nature over the "horrors" of civilization. Now available in English, *History of the Alps, 1500-1900: Environment, Development, and Society* provides a precise history of one of the greatest mountain range systems in the world. Jon Mathieu's work disproves a number of commonly held notions about the Alps, positioning them as neither an inversion of lowland society nor a world apart with respect to Europe. Mathieu's broad historical portrait addresses both the economic and sociopolitical--exploring the relationship between population levels, development, and the Alpine environment, as well as the complex links between agrarian structure, society, and the development of modern civilization. More detailed analysis examines the relationship between various agrarian structures and shifting political configurations, several aspects of family history between the late Middle Ages and the turn of the twentieth century, and exploration of the Savoy, Grisons, and Carinthia regions.

**Frankreich Jahrbuch 2013** 2014-04-14 Deutsch-Französisches Institut Überraschend schnell nach der Wahl François Hollandes zum französischen Präsidenten schien die Hoffnung auf „Wandel“, die seine Wähler mit seinem Amtsantritt verbunden hatten, verflogen. An ihre Stelle trat in weiten Gesellschaftsteilen eine tiefe Krisenstimmung und Resignation. Die Symptome heißen Wachstumsschwäche, Arbeitslosigkeit, hohe öffentliche Defizite, soziale Krise; die Diagnosen sind entsprechend pessimistisch. Sie sind Ausdruck einer verunsicherten Gesellschaft, denn über eine momentane Wirtschaftskrise hinaus diagnostizieren die Autoren dieses Bandes eine Krise des Selbstverständnisses der Republik. Wohin steuert unser Nachbarland? Zwischen Niedergang (déclin) und Aufbegehren stehen die Beiträge für den Anspruch, ein eigenes und eigenständiges

politisches Modell zu verkörpern, in dem sich demokratische Souveränität ausdrücken kann.
