*Cash Not Care* 2016-09-14 Mo Stewart Mo Stewart is a former healthcare professional, a disabled female veteran and an independent researcher. This book is the culmination of six years of self-funded research and the evidence exposes the influence of corporate America, since 1992, with the future welfare reforms of the UK. The impact of the enforced austerity measures of the UK government is identified, as they negatively affect the welfare and the survival of the chronically sick and disabled population in receipt of welfare benefits when unfit to work. The research has informed welfare reform debates in the House of Lords and the House of Commons since 2011 and contributed to the evidence used by the United Nations to investigate the UK government for breaches of the Human Rights of sick and disabled people. Endorsed by the disabled community and by academics, the research has identified the adoption of lethal social policies, copied from American social security policies, and linked to the death of thousands of the most vulnerable of all, as the UK welfare state is systematically demolished as all planned over thirty years ago by a previous Conservative government.

*We Carry Kevan* 2019-04-23 Kevan Chandler A story about friendships and commitment to one another so incredible you wouldn't believe it if it wasn't true. Kevan is just one of the guys. It's impossible to know him and not become a little more excited about life. He is an inspiring man permeated by joy, unafraid of sorrow, full of vitality and life! His sense of humor is infectious and so is his story. He grew up, he says, at "belt-buckle level" and stayed there until Kevan's beloved posse decided to leave his wheelchair at the Atlanta airport, board a plane for France, and have his friends carry him around Europe to accomplish their dream to see the world together! Kevan's beloved posse traveled to Paris, England, and Ireland where, in the climax of their adventure, they scale 600 feet up to the 1,400-year-old monastic fortress of Skellig Michael. In *We Carry Kevan* the reader sits with Kevan, one head-level above everyone else for the first time in his life and enjoys camaraderie unlike anything most people ever experience. Along the way they encounter the curiosity and beauty of strangers, the human family disarmed by grace, and the constant love of God so rich and beautiful in the company of good friends. *We Carry Kevan* displays the profound power of friendship and self-sacrifice.

**Chop Suey, USA** 2014-11-04 Yong Chen American diners began to flock to Chinese restaurants more than a century ago, making Chinese food the first mass-consumed cuisine in the United States. By 1980, it had become the country's most popular ethnic cuisine. *Chop Suey, USA* offers the first comprehensive interpretation of the rise of Chinese food, revealing the forces that made it ubiquitous in the American gastronomic landscape and turned the country into an empire of consumption. Engineered by a politically disenfranchised, numerically small, and economically exploited group, Chinese food's tour de America is an epic story of global cultural encounter. It reflects not only changes in taste but also a growing appetite for a more leisurely lifestyle. Americans fell in love with Chinese food not because of its gastronomic excellence but because of its affordability and convenience, which is why they preferred the quick and simple dishes of China while shunning its haute cuisine. Epitomized by chop suey, American Chinese food was a forerunner of McDonald's, democratizing the once-exclusive dining-out experience for such groups as marginalized Anglos, African Americans, and Jews. The rise of Chinese food is also a classic American story of immigrant entrepreneurship and perseverance. Barred from many occupations, Chinese Americans successfully turned Chinese food from a despised cuisine into a dominant force in the restaurant market, creating a critical lifeline for their community. Chinese American restaurant workers developed the concept of the open kitchen and popularized the practice of home delivery. They streamlined certain Chinese dishes, such as chop suey and egg foo young, turning them into nationally recognized brand names.
