*Documentary as Exorcism* 2014-01-16 Robert Beckford Documentary as Exorcism is an interdisciplinary study that builds upon the insights of postcolonial studies, critical race theory, theological and religious studies and media and film studies to showcase the role of documentary film as a system of signifying capable of registering complex theological ideas while pursuing the authentic aims of documentary filmmaking. Robert Beckford marries the concepts of 'theology as visual practice' and 'theology as political engagement' to develop a new mode of documentary filmmaking that embeds emancipation from

oppression in its aesthetic. In various documentaries made for Channel 4 and the BBC, Beckford narrates the complicit relationship of Christianity with European expansion, slavery, and colonialism as a historic manifestation of evil. In light of the cannibalistic practices of colonialism that devoured black life, and the church's role in the subjugation and theological legitimation of black bodies, Beckford characterises this form of historic Christian faith as 'colonial Christianity' and its malevolent or 'occult' practices as a form of 'bewitchment' that must be 'exorcised'. He identifies and exorcises the evil practices of colonialism and their present

impact upon African Caribbean Christian communities in Britain in films such as Britain's Slave Trade and Empire Pays Back through a deliberate process of encoding/decoding. The emancipatory impact of this form of documentary filmmaking is demonstrated by its ability to bring issues such as reparations to the public square for debate, and its capacity to change a corporation's trade policies for the good of Africans.

[Shark Girl](#) 2011-04-26 Kelly Bingham A teenager struggles through physical loss to the start of acceptance in an absorbing, artful novel at once honest and insightful, wrenching and redemptive. (Age 12 and up) On a sunny day in June, at the beach with her mom and brother, fifteen-year-old Jane Arrowood went for a swim. And then everything -- absolutely everything -- changed. Now she's counting down the days until she returns to school with her fake arm, where she knows kids will whisper, "That's her -- that's Shark Girl," as she passes. In the meantime there are only questions: Why did this happen? Why her? What about her art? What about her life? In this striking first novel, Kelly Bingham uses poems, letters, telephone conversations, and newspaper clippings to look unflinchingly at what it's like to lose part of yourself - and to summon the courage it takes to find yourself again.

*When Scotland Was Jewish* 2015-05-07 Elizabeth Caldwell Hirschman The popular image of Scotland is dominated by widely recognized elements of Celtic culture. But a significant non-Celtic influence on Scotland's history has been largely ignored for centuries? This book argues that much of Scotland's history and culture from 1100 forward is Jewish. The authors provide evidence that many of the national heroes, villains, rulers, nobles,

traders, merchants, bishops, guild members, burgesses, and ministers of Scotland were of Jewish descent, their ancestors originating in France and Spain. Much of the traditional historical account of Scotland, it is proposed, rests on fundamental interpretive errors, perpetuated in order to affirm Scotland's identity as a Celtic, Christian society. A more accurate and profound understanding of Scottish history has thus been buried. The authors' wide-ranging research includes examination of census records, archaeological artifacts, castle carvings, cemetery inscriptions, religious seals, coinage, burgess and guild member rolls, noble genealogies, family crests, portraiture, and geographic place names.

**A Boy, a Journey, a Dream** 2011 Bazil Meade Bazil's journey has taken him from the cotton fields of Montserrat to the 2009 FA Cup Final where LCGC performed the FA Cup hymn. He was born into poverty and a life without hope but found his future fulfilled through his calling to music. Bazil left the Caribbean and came to England at 9. A difficult relationship with his stepfather led to his leaving home at age 13 and moving in with his pastor who suggested he take up music. She prayed and laid hands on him and by the end of the evening he could play

the piano. Within a fortnight he was performing in public. To this day, Bazil still can't read music and plays purely by instinct. He has worked with many of the greats - from Daman Albarn (Blur) to Beverly Knight - and there will be many commendations.

**The Power of Nonviolence** 2018-11-08 Richard Bartlett Gregg The Power of Nonviolence, written by Richard Bartlett Gregg in 1934 and revised in 1944 and 1959, is the most important and influential theory of principled or integral nonviolence published in the twentieth century. Drawing on Gandhi's ideas and practice, Gregg explains in detail how the organized power of nonviolence (power-with) exercised against violent opponents can bring about small and large transformative social change and provide an effective substitute for war. This edition includes a major introduction by political theorist, James Tully, situating the text in its contexts from 1934 to 1959, and showing its great relevance today. The text is the definitive 1959 edition with a foreword by Martin Luther King, Jr. It includes forewords from earlier editions, the chapter on class struggle and nonviolent resistance from 1934, a crucial excerpt from a 1929 preliminary study, a biography and bibliography of Gregg, and a bibliography of recent work on nonviolence.

**The Neoliberal Age?** 2021-12-07 Aled Davies The late twentieth and early twenty-first

centuries are commonly characterised as an age of 'neoliberalism' in which individualism, competition, free markets and privatisation came to dominate Britain's politics, economy and society. This historical framing has proven highly controversial, within both academia and contemporary political and public debate. Standard accounts of neoliberalism generally focus on the influence of political ideas in reshaping British politics; according to this narrative, neoliberalism was a right-wing ideology, peddled by political economists, think-tanks and politicians from the 1930s onwards, which finally triumphed in the 1970s and 1980s. *The Neoliberal Age?* suggests this narrative is too simplistic. Where the standard story sees neoliberalism as right-wing, this book points to some left-wing origins, too; where the standard story emphasises the agency of think-tanks and politicians, this book shows that other actors from the business world were also highly significant. Where the standard story can suggest that neoliberalism transformed subjectivities and social lives, this book illuminates other forces which helped make Britain more individualistic in the late twentieth century. The analysis thus takes neoliberalism seriously but also shows that it cannot be the only explanatory framework for understanding contemporary Britain. The book showcases cutting-edge research, making it useful to researchers and students, as well as to those interested in understanding the forces that have shaped our recent past.

**Migrant City** 2020-04-07 Panikos Panayi  
The first history of London to show how immigrants have built, shaped and made a great success of the capital city London is now a global financial and multicultural hub in which over three hundred languages are spoken. But the history of London has always been a history of immigration. Panikos Panayi explores the rich

and vibrant story of London- from its founding two millennia ago by Roman invaders, to Jewish and German immigrants in the Victorian period, to the Windrush generation invited from Caribbean countries in the twentieth century. Panayi shows how migration has been fundamental to London's economic, social, political and cultural development. Migrant City sheds light on the various ways in which newcomers have shaped London life, acting as cheap labour, contributing to the success of its financial sector, its curry houses, and its football clubs. London's economy has long been driven by migrants, from earlier continental financiers and more recent European Union citizens. Without immigration, fueled by globalization, Panayi argues, London would not have become the world city it is today.

**Religion, Culture and Spirituality in Africa and the African Diaspora** 2017-10-05 William

Ackah Religion, Culture and Spirituality in Africa and the African Diaspora explores the ways in which religious ideas and beliefs continue to play a crucial role in the lives of people of African descent. The chapters in this volume use historical and contemporary examples to show how people of African descent develop and engage with spiritual rituals, organizations and practices to make sense of their lives, challenge injustices and creatively express their spiritual imaginings. This book poses and answers the following critical questions: To what extent are ideas of spirituality emanating from Africa and the

diaspora still influenced by an African aesthetic? What impact has globalisation had on spiritual and cultural identities of peoples on African descendant peoples? And what is the utility of the practices and social organizations that house African spiritual expression in tackling social, political cultural and economic inequities? The essays in this volume reveal how spirituality weaves and intersects with issues of gender, class, sexuality and race across Africa and the diaspora. It will appeal to researchers and postgraduate students interested in the study of African religions, race and religion, sociology of religion and anthropology.
