2008 Ondjaki Luanda, Angola, 1990. Ndalú is a normal twelve-year old boy in an extraordinary time and place. Like his friends, he enjoys laughing at his teachers, avoiding homework and telling tall tales. But Ndalú's teachers are Cuban, his homework assignments include writing essays on the role of the workers and peasants, and the tall tales he and his friends tell are about a criminal gang called Empty Crate which specializes in attacking schools. Ndalú is mystified by the family servant, Comrade Antonio, who thinks that Angola worked better when it was a colony of Portugal, and by his Aunt Dada, who lives in Portugal and doesn't know what a ration card is. In a charming voice that is completely original, Good Morning Comrades tells the story of a group of friends who create a perfect childhood in a revolutionary socialist country fighting a bitter war. But the world is changing around these children, and like all childhood's Ndalú's cannot last. An internationally acclaimed novel, already published in half a dozen countries, Good Morning Comrades is an unforgettable work of fiction by one of Africa's most exciting young writers.

2012-02-28 ONDJAKI " infância é um antigamente que sempre volta. este livro é muito isso: busca e exposição dos momentos, dos cheiros e das pessoas que fazem parte do meu antigamente, numa época em que angola e os luandenses formavam um universo diferente, peculiar. tudo isto contado pela voz da criança que fui; tudo isto embebido na ambiência dos anos 80: o monopartidarismo, os cartões de abastecimento, os professores

cubanos, o hino cantado de manhã e a nossa cidade de Luanda com a capacidade de transformar mujimbos em factos. todas estas coisas, mais o camarada António... esta estória ficcionada, sendo também parte da minha história, devolveu-me memórias carinhosas. permitiu-me fixar, em livro, um mundo que é já passado. um mundo que me aconteceu e que, hoje, é um sonho saboroso de lembrar."

2022-07-29 Carlos Garrido Castellano The main objective of this book is to explain how contemporary literatures in Spanish and Portuguese are dealing with artistic creativity when artmaking is no longer a specialised field of cultural production, but rather an expanded field of socioeconomic interaction, personal and creative self-definition and collective imagination. The project positions the contemporary art novel as the most suitable place to understand how the economisation of cultural labour is affecting writers and artists alike. The authors examined in this book, including José Saramago, Rita Indiana Hernández, María Gainza, Mayra Santos Febres and Ondjaki (amongst others) explore the contradictions of the art market, the dynamics of art education, the multifaceted activity of curators and socially engaged artists in relation to broader debates on the role of culture in the configuration of socioeconomic dynamics. The book maps a new trend within contemporary literature that taps into the visual art system to reassess the role of literature in critical ways.

2019-09-01 Lanie Millar Analyzes parallel developments in post-Cold War literature and film from Cuba and Angola to trace a shared history of revolutionary enthusiasm, disappointment, and solidarity. In *Forms of Disappointment*, Lanie Millar traces the legacies of anti-imperial solidarity in Cuban and Angolan novels and films after 1989. Cuba's intervention in Angola's post-independence civil war from 1976 to 1991 was its longest and most engaged internationalist project and left a profound mark on the culture of both nations. After the fall of the Berlin Wall, Millar argues, Cuban and Angolan writers and filmmakers responded to this collective history and adapted to new postsocialist realities in analogous ways, developing what she characterizes as works of disappointment. Revamping and riffing on earlier texts and forms of revolutionary enthusiasm, works of disappointment lay bare the aesthetic and political fragmentation of the public sphere while continuing to register the promise of leftist political projects. Pushing past the binaries that tend to dominate histories of the Cold War and its aftermath, Millar gives priority to the perspectives of artists in the Global South, illuminating networks of anticolonial and racial solidarity and showing how their works not only reflect shared feelings of disappointment but also call for ethical gestures of empathy and reconciliation. Lanie Millar is Assistant Professor of Spanish and Portuguese at the University of Oregon.

2021-01-19 In 1975, after much resistance, Portugal became the last colonial power to relinquish its colonies on the African continent. The tardiness of Portuguese decolonization in Africa (Cabo Verde, Angola, Mozambique, Guinea Bissau, São Tomé e Príncipe) raises critical questions for the emergence of national literary and cultural production in the wake of national independence. Bringing together the works of poets, short story writers, and journalists, this book charts the emergence and evolution of the national literatures of Portugal's former African colonies, from 1975 to the present. The aim of this book is to examine the ways in which writers contended with the process of decolonization, forging national, transnational, and diasporic identities through literature while grappling with the legacies and continuities of racial power structures, colonial systems of representation, and the struggles for political sovereignty and social justice. This book will be the first of its kind in English to include canonical, emerging, and previously untranslated authors of poetry and short-form fiction to a new public.

2019-08-20 Marissa J. Moorman Powerful Frequencies details the central role that radio technology and broadcasting played in the formation of colonial Portuguese Southern Africa and the postcolonial nation-state, Angola. In Intonations, Marissa J. Moorman examined the crucial relationship between music and Angolan independence during the 1960s and '70s. Now, Moorman turns to the history of Angolan radio as an instrument for Portuguese settlers, the colonial state, African nationalists, and the postcolonial state. They all used radio to project power, while the latter employed it to challenge empire. From the 1930s introduction of radio by settlers, to the clandestine broadcasts of guerrilla groups, to radio's use in the Portuguese counterinsurgency strategy during the Cold War era and in developing the independent state's national and regional voice, Powerful Frequencies narrates a history of canny listeners, committed professionals, and dissenting political movements. All of these employed radio's peculiarities—invisibility, ephemerality, and its material effects—to transgress social, political, "physical," and intellectual borders. Powerful Frequencies follows radio's traces in film, literature, and music to illustrate how the technology's sonic power—even when it made some listeners anxious and frightened—created and transformed the late colonial and independent Angolan soundscape.

2022-09-23 Ricardo Santos da Poça O livro Ninguém Nasce Soldado é uma ficção que permeia o período da Segunda Guerra Mundial, com personagem brasileiro e a inserção do exército do Brasil no maior conflito que a Terra já viu. Além do personagem brasileiro, a estória conta com personagens oriundos de diferentes países. Países esses que se envolveram no conflito, mostrando que, tal como aqui, esses seres humanos se viram no conflito sem desejar propriamente, e que tiveram, ao seu modo, que resistir a essa situação. As datas e as conquistas aqui relatadas foram objeto de pesquisa, portanto, procurou-se respeitar e contar a história verídica como ela realmente foi, tendo nossos personagens como seres que reagem e vivem tal situação como uma pessoa normal certamente reagiria.

2014-07-07T00:00:00+02:00 ONDJAKI Angola, années 1980. Les Portugais ont quitté le pays qui vient d'accéder à l'indépendance. Un collégien vivant à Luanda nous raconte son quotidien. Il y a Antonio, l'employé de maison tendre et complice, et tante Dada, du Portugal, qui revient passer quelques jours à Luanda, des cadeaux pleins les valises. Les copains de classe qui pratiquent l'art de l'exagération et du mensonge. Et puis aussi le Cercueil Vide, un mystérieux groupe d'hommes armés, des voyous, qui terrorise les collégiens à la sortie des cours. On raconte même que le Cercueil Vide va débarquer dans le collège ! Dans un récit autobiographique plein d'humour, Ondjaki évoque, dans une langue alerte et savoureuse, l'univers rocambolesque de l'Angola post-coloniale. Le regard d'un enfant sur une réalité tragi-comique.

2020-11-01 Kali Argyriadis A history of Atlantic solidarity between Cuba and Africa, in struggle for African independence from colonial powers The Cuban people hold a special place in the hearts of the people of Africa. The Cuban internationalists have made a contribution to African independence, freedom, and justice, unparalleled for its principled and selfless character.' As Nelson Mandela states, Cuba was a key participant in the struggle for the independence of African countries during the Cold War and the definitive ousting of colonialism from the continent. Beyond the

military interventions that played a decisive role in shaping African political history, there were many-sided engagements between the island and the continent. Cuba and Africa, 1959-1994 is the story of tens of thousands of individuals who crossed the Atlantic as doctors, scientists, soldiers, students and artists. Each chapter presents a case study - from Algeria to Angola, from Equatorial Guinea to South Africa - and shows how much of the encounter between Cuba and Africa took place in non-militaristic fields: humanitarian and medical, scientific and educational, cultural and artistic. The historical experience and the legacies documented in this book speak to the major ideologies that shaped the colonial and postcolonial world, including internationalism, developmentalism and South-South cooperation. Approaching African-Cuban relations from a multiplicity of angles, this collection will appeal to an equally wide range of readers, from scholars in black Atlantic studies to cultural theorists and general readers with an interest in contemporary African history.

2013-11-15 João Carlos Vitorino Pereira Dès le X^{IV}e siècle, partir devient au Portugal le mot d'ordre. Les hommes et la langue portugaise voyagent et les contours du monde lusophone se dessinent peu à peu. La diaspora portugaise commence avec les Grandes Découvertes et le mythe de l'Eldorado brésilien ne tardera pas à naître. Le déplacement dans le monde lusophone s'effectue parfois sous le signe de l'utopie. Le Nouveau Monde en général et le Brésil en particulier deviennent, en effet, une terre promise ou une terre d'utopie pour de nombreux Européens ; au Moyen Âge, on baptisera même une île imaginaire du nom de « Brasil » et l'Italien Giovanni Rossi fondera au début du mois d'avril 1890, dans le Paraná, la colonie anarchiste Cecília. Il n'y a pas d'utopie sans déplacement, lequel donne lieu à une expérience exaltante, à la découverte d'une altérité séduisante, d'un cadre naturel merveilleux, d'une organisation politique et sociale idéale. L'ailleurs utopique permet ainsi de prendre de la distance par rapport à la société de référence que l'on peut critiquer en la comparant à la société nouvelle découverte grâce au déplacement, qui n'est pas seulement un déplacement géographique mais aussi un déplacement des représentations et des valeurs. Ce sont donc les notions d'utopie et de déplacement qu'interrogent les auteurs des textes rassemblés dans ce livre. Le déplacement n'est pas seulement un déplacement géographique mais aussi un déplacement des représentations et des valeurs.

2014-01-03 João Carlos Vitorino Pereira Les études réunies dans cet ouvrage portent sur la représentation de l'idéologie et de l'utopie dans le discours littéraire, et plus précisément dans des œuvres d'auteurs portugais, brésiliens et africains. Au fil des textes, le lecteur voyagera à travers

différentes époques et d'une aire géoculturelle à l'autre en compagnie de Manuel Alegre, Luís de Magalhães, Ernesto Biester, Arnaldo Gama, Francisco Xavier de Oliveira, Miguel Sanches Neto, Moacyr Scliar, Pepetela, et Ondjaki. Certaines œuvres abordées dans ce livre sont disponibles en français sous les titres suivants : Babylone, du poète et écrivain portugais Manuel Alegre, ainsi que Bonjour camarades, du romancier angolais Ondjaki. Plusieurs genres littéraires sont représentés : théâtre, poésie et roman. Ce livre sur l'idéologie et l'utopie vise à mettre en évidence des thèmes et des figures utopiques et à interroger les relations entre l'art et l'utopie, entre l'idéologie et l'utopie et enfin entre l'utopie et la contre-utopie ; il cherche à montrer que l'auteur, engagé ou pas, homme politique ou non, a parfaitement conscience de la distance irréductible qui sépare la fiction littéraire de l'action politique.

1999 Sven Hassel MORGENAVISEN, NORUEGA: "O SOLDADO DESCONHECIDO DA SEGUNDA GUERRA MUNDIAL TEM AGORA O SEU MONUMENTO" Escutamos as lagartas dos tanques que se aproximam. - Um T-34. Devem ter-nos descoberto, - sussurra Irmãozinho. - Ficamos parados até que esteja aqui, depois fugimos! O repugnante chocalho das correntes aproxima-se cada vez mais. Conheço a angústia que se arrasta pela coluna vertebral. Correr um segundo antes de tempo é morte certa. Como conseguimos levantar-nos, não sei, as pernas funcionam automaticamente. O carro treme por cima do buraco e esmaga tudo o que há lá dentro... Depressa se afasta, a ronronar. Sven Hassel foi enviado para um batalhão de castigo como soldado raso no exército alemão. Com um realismo próximo e brutal narra as atrocidades da guerra, os crimes dos nazis e o humor cínico e tosco dos soldados. Com vendas superiores a 50 milhões de exemplares, são os livros de guerra mais vendidos no mundo.
