The New Chinese Documentary Film Movement

2010-06-01 Chris Berry The New Chinese Documentary Film Movement is a groundbreaking project unveiling recent documentary film work that has transformed visual culture in China, and brought new immediacy along with a broader base of participation to Chinese media. As a foundational text, this volume provides a much-needed introduction to the topic of Chinese documentary film, the signature mode of contemporary Chinese visual culture. These essays examine how documentary filmmakers have opened up a unique new space of social commentary and critique in an era of rapid social changes amid globalization and marketization. The essays cover topics ranging from cruelty in documentary to the representation of Beijing; gay, lesbian and queer documentary; sound in documentary; the exhibition context in China; authorial intervention and subjectivity; and the distinctive "on the spot" aesthetics of contemporary Chinese documentary. This volume will be critical reading for scholars in disciplines ranging from film and media studies to Chinese studies and Asian studies.

Shakespeare on Silent Film 2013-07-18

Robert Hamilton Ball In 1899, when film projection was barely three years old, Herbert Beerbohm Tree was filmed as King John. In his highly entertaining history, Robert Hamilton Ball traces in detail the fate of Shakespeare on silent films from Tree's first effort until the establishment of sound in 1929. The silent films brought Shakespeare to a wide public who had never had the chance to see his plays in the theatre. And Shakespeare gave the film makers an air of respectability that was badly needed by a medium with a reputation for frivolity. This work, first published in 1968, brings history to life with excerpts from scenarios, from reviews and from contemporary film journals, and with reproduction of stills and frames from the films themselves, including unusual shots of leading screen actors. This is a valuable source book for film experts, enhanced by full notes, bibliography and indexes; a fresh approach for

Shakespeareans; and a vivid sketch of a world that has passed for all.

Better Than the Movies 2022-07-26 Lynn Painter A USA TODAY and New York Times bestseller Perfect for fans of Kasie West and Jenn Bennett, this "sweet and funny" (Kerry Winfrey, author of *Waiting for Tom Hanks*) teen rom-com follows a hopelessly romantic teen girl and her cute yet obnoxious neighbor as they scheme to get her noticed by her untouchable crush. Perpetual daydreamer Liz Buxbaum gave her heart to Michael a long time ago. But her cool, aloof forever crush never really saw her before he moved away. Now that he's back in town, Liz will do whatever it takes to get on his radar—and maybe snag him as a prom date—even befriend Wes Bennet. The annoyingly attractive next-door neighbor might seem like a prime candidate for romantic comedy fantasies, but Wes has only been a pain in Liz's butt since they were kids. Pranks involving frogs and decapitated lawn gnomes do not a potential boyfriend make. Yet, somehow, Wes and Michael are hitting it off, which means Wes is Liz's in. But as Liz and Wes scheme to get Liz noticed by Michael so she can have her magical prom moment, she's shocked to discover that she likes being around Wes. And as they continue to grow closer, she must reexamine everything she thought she knew about love—and rethink her own ideas of what Happily Ever After should look like.

Down and Dirty Pictures 2016-06-16 Peter Biskind In the late 1980s a generation of filmmakers began to flower outside the Hollywood studio system and in the following decade, the independent film movement bloomed. Dozens of lesser-known filmmakers such as Steven Soderbergh and Quentin Tarantino began walking away with coveted prizes at Cannes and eventually the Academy Awards. Many of these directors were discovered at Robert Redford's Sundance Film

Festival and then scooped up by Harvey and Bob Weinstein, whose company Miramax laid waste to the competition. In *Down and Dirty Pictures*, Peter Biskind tells the incredible story of these filmmakers, the growth of Sundance into the premier showcase of independent film, and the meteoric rise of the controversial Weinstein brothers who left a trail of carnage in their wake yet created an Oscar factory that is the envy of the studios.

Neo-Feminist Cinema 2010-11-01 Hilary Radner What lies behind current feminist discontent with contemporary cinema? Through a combination of cultural and industry analysis, Hilary Radner's *Neo-Feminist Cinema: Girly Films, Chick Flicks and Consumer Culture* shows

how the needs of conglomerate Hollywood have encouraged an emphasis on consumer culture within films made for women. By exploring a number of representative "girly films," including *Pretty Woman*, *Legally Blonde*, *Maid in Manhattan*, *The Devil Wears Prada*, and *Sex and the City: The Movie*, Radner proposes that rather than being "post-feminist," as is usually assumed, such films are better described as "neo-feminist." Examining their narrative format, as it revolves around the story of an ambitious unmarried woman who defines herself through consumer culture as much as through work or romance, Radner argues that these films exemplify neo-liberalist values rather than those of feminism. As such, *Neo-Feminist Cinema* offers a new explanation as to why feminist-oriented scholars and audiences who are seeking more than "labels and love" from their film experience have viewed recent "girly films" as a betrayal of second-wave feminism, and why, on the other hand, such films have proven to be so successful at the box office.
