Apples Never Fall 2023-05-23 Liane Moriarty #1 New York Times Bestseller From Liane Moriarty, the #1 New York Times bestselling author of Big Little Lies and Nine Perfect Strangers, comes Apples Never Fall, a novel that looks at marriage, siblings, and how the people we love the most can hurt us the deepest. The Delaney family love one another dearly - it's just that sometimes they want to murder each other . . . If your mother was missing, would you tell the police? Even if the most obvious suspect was your father? This is the dilemma facing the four grown Delaney siblings. The Delaneys are fixtures in their community. The parents, Stan and Joy, are the envy of all of their friends. They're killers on the tennis court, and off it their chemistry is palpable. But after fifty years of marriage, they've finally sold their famed tennis academy and are ready to start what should be the golden years of their lives. So why are Stan and Joy so miserable? The four Delaney children - Amy, Logan, Troy, and Brooke - were tennis stars in their own right, yet as their father will tell you, none of them had what it took to go all the way. But that's okay, now that they're all successful grown-ups and there is the wonderful possibility of grandchildren on the horizon. One night a stranger named Savannah knocks on Stan and Joy's door, bleeding after a fight with her boyfriend. The Delaneys are more than happy to give her the small kindness she sorely needs. If only that was all she wanted. Later, when Joy goes missing, and Savannah is nowhere to be found, the police question the one person who remains: Stan. But for someone who claims to be innocent, he, like many spouses, seems to have a lot to hide. Two of the Delaney children think their father is innocent, two are not so sure - but as the two sides square off against each other in perhaps their biggest match ever, all of the Delaneys will start to reexamine their shared family history in a very new light.

Left Behind with the Homies 2012-08-21 Herman Fontenette It was the last days on Earth. Deception was in its greatest form as people worshipped money and the things it brought forward. Deonica Joyner thought she had it made as her bank account grew from dating a multi-millionaire oil tycoon. She turned her back on spirituality only to be left-behind on Earth. The Wallace twins had the best opportunity to be caught up with their mother than the thugs they ran the streets with. They too became left-behind as they witnessed Jesus in the sky while on a mission to Mexico to rescue Deonica from her captives. She placed money over God as the twins chose the thug-life to be Left Behind with the Homies.

And judging by the smirk on his face, the same Luke Bailey who's known exactly who she was the whole time... And who, like everyone in the village, still thinks she's a high-flying New Yorker... who's getting married next year. Abby is certain getting under Luke will help her get over her ex.
