When Pullela Gopichand had to undergo a risky arthroscopic surgery, chances of his full recovery were not great. His return to the badminton court seemed a far-fetched dream. The odds were stacked against him. Then, in 1998, he won the bronze in the Commonwealth Games. His biggest win was yet to come. In 2001, Pullela became the second Indian to win the All England Championship. This is the story we know. From not being able to walk to winning the most prestigious title in badminton, this is Pullela the player. But his success hasn't stopped at just him. The Pullela Gopichand Badminton Academy, set up in 2008, boasts of a host of World No. 1s including Saina Nehwal and Srikanth Kidambi and World Badminton Champion PV Sindhu. What is it about his teachings that propels players right to the top? In his official autobiography, we meet Pullela the coach. Through his own voice, as well as those of his students, mother, and wife, we get a look at the mind that revolutionised the game. We are shown not only what it takes to get to the top, but also, and more importantly, how to stay there. With the principles of his play laid bare, we are invited to apply them to our own everyday lives. In doing so, we ask questions, take accountability for our actions and perhaps find the answer to the greatest question of all—what does it take to become a champion?

Vic Flick Vic Flick's connection with the films in the James Bond series is legend. His guitar sound on the "James Bond Theme" stirred the hearts and imaginations of a generation. He knew the music business from the inside, including the good and the bad business practices, the money, the agents, and the managers. From The Beatles to Nancy Sinatra, from Tom Jones to Dusty Springfield, they're all within the pages of Vic Flick's autobiography. In the late 1950s, Flick joined The John Barry Seven, and his first composition for the group was "Zapata." With them, he played the guitar riff for the theme of the popular TV show, Juke Box Jury, and appeared on every episode of BBC TV's Drumbeat. When Hollywood beckoned him to work on soundtrack for Dr. No (1962), he played lead guitarist on the "James Bond Theme." He continued to contribute to the James Bond soundtracks from the 1960s through the late 1980s. He also contributed to the soundtrack of The Beatles musical, A Hard Day's Night, playing his Olympic white 1961 Fender Stratocaster on "Ringo's Theme (This Boy)" instrumental. He has worked with many notable artists, including Herman's Hermits, Nancy Sinatra, Engelbert Humperdinck, Tom Jones, Cliff Richard, Eric Clapton, and Jimmy Page. He played the 12-string guitar part on Peter and Gordon's 1964 #1 record, "A World Without Love." In 2005, he provided his guitar talents to the soundtrack of the From Russia With Love video game. On October 5, 2012, Vic Flick was honored at the Academy of Motion Pictures Arts and Sciences for "The Music of Bond: The First 50 Years." "Vic's book is an amazing read, full of his entertaining sense of humor and a reservoir of miscellaneous facts and tales of the studios and the musicians who made London such a fabulous place to be in the '60s. Miss it at your peril." - Pipeline (UK)

2020-04-07 Matt Rush Imagine waking up every day with love, joy, peace, and a sound mind. All accomplished by turning off your Stress Switches. Stress Switches are the "things" that you have allowed to usher stress into your life. There are hundreds, if not thousands, of common stress switches; many of them are hidden in plain sight. Stress Free You has uncovered these stress switches and will help you identify them, understand how they have turned stress on in your life, and, most

importantly, how you can turn them off and eliminate stress. One of the significant benefits of Stress Free You is that it is not about doing more but doing less and getting amazing results. The mistake most people make is they attempt to do some type of stress relief to lower their stress levels rather than learning how to turn off the stress switches that continually increase their stress. It is like trying to drain your cell phone battery while it is still plugged into the power. Rather than merely providing overly simplistic tips, co-authors Matt Rush and Rich Taylor examine stress from every angle, for a unique and more holistic approach. Their methods for stress reduction are groundbreaking and occasionally controversial and stem from a desire to help others. This book provides the answers to why: Most people experience a 300% failure rate on diets, budgets, exercise, and other positive life programs. Traditional stress relief tactics are not enough? You should be in the Rest, Digest and Restore vs. Fight, Flight and Freeze response. Why your Go-To always sabotages you and how to fix it. This book is a montage of authentic, entertaining, enlightening, and often touching illustrations to encourage you on your journey to a stress-free life.

There's an ogre wedged in the closet, and you have to be careful not to slip on the leak coming from the ocean in the attic. What's possibly weirder than the fact that you can walk into the bathroom and end up in next Tuesday are the four brothers who investigate these strange supernatural occurrences...the Brothers Flick! Leo, Desmond, Remy, and Cub seek to get to the bottom of every shadow you swear you saw move. If they happen to stumble upon answers to the mysterious disappearance of their own family along the way, all the better. 2015-05-19 Abigail Tarttelin "Flick is young, smart and stoned and in love. Stranded in his hometown by a lack of education, cash and anything really worth doing, he muses on whether Pepsi is better than Coke, the art of the right amount of stoned ... But when a dangerous figure from his past threatens his future with Rainbow, Flick finds himself torn between the ties that bind him to his old life and the freedom that she represents."--P. 2007-02-13 Alicia Rebensdorf As a child of the 1980s, Alicia Rebensdorf was raised by TV and movies. But when she, like so many of her generation, found herself a bored twentysomething, waitressing and wondering why life wasn't as she imagined it would be, she devised a plan: She'd visit the locations of the shows and movies she grew up with and try to come to terms with her nostalgia for places and scenes that purported a real America. Chick Flick Road Kill explores Rebensdorf's relationship to popular culture and media mythology. From the streets of Fargo, North Dakota, to the bleachers of the still-intact field from The Field of Dreams in Dyersville, Iowa, Rebensdorf learns that her generation's sense of America is, indeed, as flat as its two-dimensional TV screens. What's more, she discovers the America behind the Hollywood myth--one that's far more exciting when freed from the mystique and power of pop culture's romanticism.

2022-06-07 Tom Perrotta "Tom Perrotta is an auto-buy for me. He's one of the great writers that we have today. I love this book. You'll read it fast. It moves you. He's so authentic. And you'll see what happened to Tracy Flick." —Harlan Coben A pitch-perfect novel about ambition, coming-of-age in adulthood, and never really leaving high school politics behind—featuring New York Times bestselling author Tom Perrotta's most iconic character of all time. Tracy Flick is a hardworking assistant principal at a public high school in suburban New Jersey. Still ambitious but feeling a little stuck and underappreciated in midlife, Tracy gets a jolt of good news when the longtime principal, Jack Weede, abruptly announces his retirement, creating a rare opportunity for Tracy to

ascend to the top job. Energized by the prospect of her long-overdue promotion, Tracy throws herself into her work with renewed zeal, determined to prove her worth to the students, faculty, and School Board, while also managing her personal life—a ten-year-old daughter, a needy doctor boyfriend, and a burgeoning meditation practice. But nothing ever comes easily to Tracy Flick, no matter how diligent or qualified she happens to be. Among her many other responsibilities, Tracy is enlisted to serve on the Selection Committee for the brand-new Green Meadow High School Hall of Fame. Her male colleagues' determination to honor Vito Falcone—a star quarterback of dubious character who had a brief, undistinguished career in the NFL—triggers bad memories for Tracy, and leads her to troubling reflections about the trajectory of her own life and the forces that have left her feeling thwarted and disappointed, unable to fulfill her true potential. As she broods on the past, Tracy becomes aware of storm clouds brewing in the present. Is she really a shoo-in for the Principal job? Is the Superintendent plotting against her? Why is the School Board President's wife trying so hard to be her friend? And why can't she ever get what she deserves? In classic Perrotta style, *Tracy Flick Can't Win* is a sharp, darkly comic, and pitch-perfect reflection on our current moment. Flick fans and newcomers alike will love this compelling novel chronicling the second act of one of the most memorable characters of our time.

2014-01-26 Roslyn Hardy What will Sue do when Tom picks on her at school? Can she deal with a bullying situation effectively, by remembering the important steps? Read Sue's story and teach your child to know when and how to deal with bullying, and how to be brave, smart and strong, just like Sue in the story! The goal of teaching all young children how to deal with a negative situation (such as bullying, emergencies and 'stranger danger') and get help has to be reached. We must acknowledge how many children cannot actually knowingly, physically, or willingly take control, and we must create awareness to reach this goal. Enjoy the bonding with story time, preparation and play-acting. Each of the Sue Series books have three vital phases of learning followed by a check list, so that you can be certain your child is confident and capable. Sue's world allows children to experience what happens and what it feels like to be bullied, and helps them see how a small child really can make a difference. Now you can teach them to know how to recognise the act of bullying and how to take action. The detailed information will improve your ability as a carer, parent or teacher to teach the important lessons provided in the back of the book; helping you make a difference to a child being bullied and even to a child who is a bully. By completing the teaching process you will be able to tell your child that being brave, smart and strong is all about really doing what they know.
