It's the Manager 2019-05-07 Jim Clifton Who will lead your workforce during rapid change? Gallup research reveals: It's the manager. While the world's workplace has been going through historic change, the practice of management has been stuck in time for decades. The new workforce — especially younger generations — wants their work to have deep mission and purpose. They don't want old-style command-and-control bosses. They want coaches who inspire them, communicate with them frequently and develop their strengths. Who is the most important person in your organization to lead your teams through these changes? Decades of global Gallup research reveal: It's your managers. They are the ones who make or break your organization's success. Packed with 52 discoveries from Gallup's largest study of the future of work, *It's the Manager* shows leaders and managers how to adapt their organizations to rapid change — from new workplace demands to the challenges of managing remote employees, the rise of artificial intelligence, gig workers, and attracting and keeping today's best employees. Great

managers maximize the potential of every team member and drive your organization's growth. And they give every one of your employees what they want most: a great job and a great life. This is the future of work. *It's the Manager* includes a unique code to take the CliftonStrengths assessment, which reveals your top five strengths, as well as supplemental content available on Gallup's online workplace platform.

Warum so viele inkompetente Männer in Führungspositionen sind
2019-10-15 Tomas Chamorro-Premuzic Dieses aktuelle und provokante Buch stellt zwei Fragen: Warum ist es für inkompetente Männer so leicht, Chef zu werden? Und warum ist es so schwer für kompetente Menschen – besonders für kompetente Frauen – aufzusteigen? Tomas Chamorro-Premuzic zeigt auf der Basis aktuellster wissenschaftlicher Erkenntnisse, dass Männer statistisch schlechtere Führungskräfte als Frauen sind. Die meisten Unternehmen und Organisationen verwechseln aber destruktive Persönlichkeitseigenschaften wie Narzissmus und ein überzogenes Selbstbewusstsein mit Führungspotential. Diese Eigenschaften mögen dabei helfen, einen Führungs-posten zu bekommen, sie sind aber absolut kontraproduktiv wenn es darum geht, ein Team zum Erfolg zu führen. Wenn kompetente Frauen und wirklich kompetente Männer bei der Besetzung von Führungspositionen ungerechtfertigter Weise übersehen werden, haben wir alle unter den Folgen zu leiden. Es gibt einen besseren Weg. Mit deutlicher Sprache und klarer Argumentation zeigt Tomas Chamorro-Premuzic in diesem Buch, was eine gute Führungskraft ausmacht und wie neue, digitale Systeme uns helfen können, den richtigen Menschen Verantwortung für andere Menschen zu übertragen. "Vielleicht ist die eigentliche Frage ja nicht, warum es Frauen so schwer haben, Karriere zu machen, sondern vielmehr, warum es mediokren Männern so leicht fällt, aufzusteigen."

The Loop Approach 2020-05 Sebastian Klein How best to adapt established companies to a rapidly changing economy has long been a topic of debate in both the corporate and academic worlds. This challenge is especially pressing for large organizations that may have grown top-heavy and rigid with time but now need to be light on their feet to stay relevant and profitable. Until now, the best attempts have consisted of plucking tools and methods from the world of start-ups and applying them wholesale in large corporate environments. Most of these efforts have either fizzled or failed outright because they lacked a framework for a comprehensive corporation-sized rollout. The Loop Approach introduces a new series of methods that could help change the course of operations for even the most colossal organizations. Sebastian Klein and Ben Hughes provide a wide-ranging set of guidelines for achieving corporate agility, complete with checklists and worksheets that should prove instantly applicable. Want proof? The methods outlined in The Loop Approach have already been successfully implemented at such European corporate giants as Audi, Deutsche Bahn, and Telekom.

Life's Great Question 2020-02-04 Tom Rath Life is not what you get out of it . . . it's what you put back in. Yet our current means for summarizing life's work, from resumes to salaries, are devoid of what matters most. This is why the work we do is often bad for our wellbeing, when it should be making us happier and healthier. What are the most meaningful contributions we can make? This is Life's Great Question. Life is about what you do that improves the world around you. It is about investing in the development of other people. And it is about efforts that will continue to grow when you are gone. Life's Great Question will show you how to make your work and life more meaningful, and greatly boost your wellbeing. In this remarkably quick read, author Tom Rath describes how finding your greatest contribution is far more effective than following talent or passion alone. More than a book, each copy includes a code for an online program that identifies the most significant contributions you

can make. This deeply practical book will alter how you look at your work and change the way you live each day.

Der 2-Stunden-Chef 2019-04-17 Insa Klasing Besser führen mit weniger Führung Insa Klasing lernte das Loslassen auf die harte Tour. Sie brach sich beide Arme. Dabei musste sie doch Tausende Mitarbeiter führen! Die Zwangspause gab ihr die Gelegenheit, auszuprobieren, wovon sie schon viel gehört hatte: den Mitarbeitern die Autonomie zu freien Entscheidungen zu geben. Und siehe da: Nicht nur ihr Team kam

mit der 2-Stunden-Chefin prima klar, sondern sie selbst hatte plötzlich viel mehr Zeit, sich um die Zukunft des Unternehmens zu kümmern. Die neu gewonnene Freiheit machte sie zu einem noch besseren CEO. In ihrem Buch zeigt sie nun anderen Führungskräften: - wie sie vom Autonomie-Prinzip profitieren - wie sie mit weniger Führung mehr erreichen können. - "Die 2-Stunden-Führung" setzt ungeahnte

Kapazitäten bei Mitarbeitern frei und verschafft den Führenden schmerzhaft ersehnte Freiräume. Kurz: Bessere Führung, Schritt für Schritt und ganz ohne gebrochene Knochen.
