### **US-China Cold War Collaboration**

2007-04-11 S. Mahmud Ali After more than four decades the Cold War ended with the sudden collapse of the Soviet Union. Almost simultaneously China emerged as the new potential disruptor of international stability, with Beijing replacing Moscow as the key source of Western insecurity. Drawing upon extensive primary resources, Ali questions the logic behind this perception, reflected both in popular and academic literature. Disclosing hitherto unknown aspects of the Soviet Union's disintegration, the text reveals a secret strategic alliance between the USA and China during the Cold War's final decades. Presenting

an in-depth analysis of the relationship between the two countries, the book identifies the bases on which the alliance emerged; the growing mutual concern of a 'Soviet threat'. Using documentation from the three capitals, Ali presents a compelling tale of intrigue and conspiracy at the highest level of the international security system. The text brings a new dimension to the current literature and deepens our understanding of a key aspect of the Cold War - its end.

**Global English Slang** 2014-01-10 Julie Coleman Global English Slang brings together nineteen key international experts and provides a timely and essential overview of English slang around the world today. The book illustrates the application of a range of different methodologies to the study of slang and demonstrates the interconnection between the different sub-fields of linguistics. A key argument throughout is that slang is a function played by specific words or phrases rather than a characteristic inherent in the words themselves- what is slang in one context is not slang in another. The volume also challenges received wisdom on the nature of slang: that it is short-lived and that slang is restricted to verbal language. With an introduction by editor Julie Coleman, the topics covered range from Inner City New York slang and Hip Hop Slang to UK student slang and slang in Scotland. Authors also explore slang in Jamaica, Australia, New Zealand, India and Hong Kong

and the influence of English slang on Norwegian, Italian and Japanese. A final section looks at slang and new media including online slang usage, and the possibilities offered by the internet to document verbal and gestural slang. Global English Slang is an essential reference for advanced undergraduates, postgraduates and researchers working in the areas of lexicology, slang and World Englishes.

The Battle for Bond 2007 Robert Sellers Details film producer Kevin McClory's forty-year legal battle over the rights to the screen version of James Bond.

St. Trinian's 2008 Ronald Searle "St. Trinian's, the gloriously anarchic boarding school for young ladies, became synonymous with outrageous behavior when Ronald Searle's drawings first appeared in Britain's Lilliput magazine in the 1940s. Searle said about his creations: "A St. Trinian's girl would be

sadistic, cunning, dissolute, crooked, sordid, lacking morals of any sort and capable of any excess. She would also be well-spoken, even well-mannered and polite. Sardonic, witty and very amusing. She would be good company. In short: typically human and, despite everything, endearing." St. Trinian's girls are experts in the maidenly arts of torture, witchcraft, and mayhem of all description; their antics take the reader back to those authoritarian school days that begged for serious rebellion and all-embracing non-conformity. Poisonous mushrooms, medieval racks, and field hockey sticks as weapons of choice figure prominently. Gin-swigging and cigar-smoking are popular pastimes."--Publisher description
