Spanish Life in Town and Country 1902 L. Higgin

Intersecting Tango Adriana J. Bergero In the early part of the twentieth century, Buenos Aires erupted from its colonial past as a city in its own right, expressing a unique and vibrant cultural identity. Intersecting Tango engages the city at this key moment, exploring the sweeping changes of 1900-1930 to capture this culture in motion through which Buenos Aires transformed itself into a modern, cosmopolitan city. Taking the reader through a dazzling array of sites, sources, and events, Bergero conveys the city in all its complexity. Drawing on architecture and gendered spaces, photography, newspaper columns, schoolbooks, "high" and "low" literature, private letters, advertising, fashion, and popular music, she illuminates a range of urban social geographies inhabited by the city's defining classes and groups. In mining this vast material, Bergero traces the profound change in social fabric by which these diverse identities evolved, through the processes of modernization and its many dislocations, into a new national identity capable of embodying modernity. In her interdisciplinary study of urban development and cultural encounters with modernity, Bergero leads the reader through the city's emergence, collecting her investigations around the many economic, social, and gender issues remarkably conveyed by the tango, the defining icon of Buenos Aires. Multifaceted and original, Intersecting Tango is as rich and captivating as the dance itself.

My Last Sigh 2013-03-26 Luis Bunuel A provocative memoir from Luis Buñuel, the

Academy Award winning creator of some of modern cinema's most important films, from Un Chien Andalou to The Discreet Charm of the Bourgeoisie. Luis Buñuel's films have the power to shock, inspire, and reinvent our world. Now, in a memoir that carries all the surrealism and subversion of his cinema, Buñuel turns his artistic gaze inward. In swift and generous prose, Buñuel traces the surprising contours of his life, from the Good Friday drumbeats of his childhood to the dreams that inspired his most famous films to his turbulent friendships with Federico García Lorca and Salvador Dalí. His personal narratives also encompass the pressing political issues of his time, many of which still haunt us today—the specter of fascism, the culture wars, the nuclear bomb. Filled with film trivia, framed by Buñuel's intellect and wit, this is essential reading for fans of cinema and for anyone who has ever wanted to see the world through a surrealist's eyes.

Musical Migrations 2003-01-03 F. Aparicio A dynamic and original collection of essays on the transnational circulation and changing social meanings of Latin music across the Americas. The transcultural impact of Latin American musical forms in the United States calls for a deeper understanding of the shifting cultural meanings of music. Musical Migrations examines the tensions between the value of Latin popular music as a metaphor for national identity and its transnational meanings as it traverses national borders, geocultural spaces, audiences, and historical periods. The anthology analyzes, among others, the role of popular music in Caribbean diasporas in the United States and Europe, the trans-Caribbean identities of Salsa and reggae, the racial, cultural, and ethnic

hybridity in rock across the Americas, and the tensions between tradition and modernity in Peruvian indigenous music, mariachi music in the United States, and in Trinidadian music.

Twelve Years A Slave, Illustrated Edition

2014-04-08 Solomon Northup Kidnapped and sold into slavery in the American South, freeman Solomon Northup spent twelve years in bondage before being freed. *Twelve Years a Slave* is Northup's moving memoir, revealing unimaginable details of the horrors he faced as a slave on Southern plantations, and his unshakable belief that he would return home to his family. Written in the year after Northup was freed and published in the wake of Harriet Beecher Stowe's *Uncle Tom's Cabin*, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to resonate more than a century after the end of the American Civil War.

Portrait of a Young Painter 2015-02-16 Mary Kay Vaughan In *Portrait of a Young Painter*, the distinguished historian Mary Kay Vaughan adopts a biographical approach to understanding the culture surrounding the Mexico City youth rebellion of the 1960s. Her chronicle of the life of painter Pepe Zúñiga counters a literature that portrays post-1940 Mexican history as a series of uprisings against state repression, injustice, and social neglect that culminated in the student protests of 1968. Rendering Zúñiga's coming of age on the margins of formal politics, Vaughan depicts midcentury Mexico City as a culture of growing prosperity, state largesse, and a vibrant, transnationally-informed public life that produced a multifaceted youth movement brimming with creativity and criticism of convention. In an analysis encompassing the mass media, schools, politics, family, sexuality, neighborhoods, and friendships, she subtly invokes theories of discourse, phenomenology, and affect to examine the formation of Zúñiga's persona in the decades leading up to 1968. By discussing the influences that shaped his worldview, she historicizes the process of subject formation and shows how doing so offers new perspectives on the events of 1968.

The Ancient Magus' Bride Vol. 1 2015-05-12 Kore Yamazaki Her name is Chise Hatori, a penniless orphan troubled by visions. Sold as a slave to an inhuman mage, she is about to begin a strange new life, filled with magic, fairies, and other beings of a fantastical nature.

Finding Afro-Mexico 2020-05-07 Theodore W. Cohen In 2015, the Mexican state counted how many of its citizens identified as Afro-Mexican for the first time since independence. *Finding Afro-Mexico* reveals the transnational interdisciplinary histories that led to this celebrated reformulation of Mexican national identity. It traces the Mexican, African American, and Cuban writers, poets, anthropologists, artists, composers, historians, and archaeologists who integrated Mexican history, culture, and society into the African Diaspora after the Revolution of 1910. Theodore W. Cohen persuasively shows how these intellectuals rejected the nineteenth-century racial paradigms that heralded black

disappearance when they made blackness visible first in Mexican culture and then in post-revolutionary society. Drawing from more than twenty different archives across the Americas, this cultural and intellectual history of black visibility, invisibility, and community-formation questions the racial, cultural, and political dimensions of Mexican history and Afro-diasporic thought.

Migrant Longing 2018-03-22 Miroslava Chávez-García Drawing upon a personal collection of more than 300 letters exchanged between her parents and other family members across the U.S.-Mexico border, Miroslava Chavez-Garcia recreates and gives meaning to the hope, fear, and longing migrants experienced in their everyday lives both "here" and "there" (aqui y alla). As private sources of communication hidden from public consumption and historical research, the letters provide a rare glimpse into the deeply emotional, personal, and social lives of ordinary Mexican men and women as recorded in their immediate, firsthand accounts. Chavez-Garcia demonstrates not only how migrants struggled to maintain their sense of humanity in el norte but also how those remaining at home made sense of their changing identities in response to the loss of loved ones who sometimes left for weeks, months, or years at a time, or simply never returned. With this richly detailed account, ranging from the Mexican Revolution of the 1910s to the emergence of Silicon Valley in the late 1960s, Chavez-Garcia opens a new window onto the social, economic, political, and cultural developments of the day and recovers the human agency of much maligned migrants in our society today.

Critiquing Whole Language and Classroom Inquiry 2001 Sibel Boran This book, part of the Whole Language Umbrella Series, offers a critical reexamination of "inquiry" and "whole language" as tools for rethinking literacy, schooling, and humanistic citizenship in the complexities of today's multicultural world. The essays in the book explore the political implications of literacy theories and practices by asking what kinds of inquiries promote or hinder the acquisition of literacies as tools for envisioning, critically exploring, and reconstructing knowledge and societies that are socially just. After an introduction ("The Inquirers and Their Questions" by the editors), essays in the book are: (1) "What Education as Inquiry Is and Isn't" (Jerome C. Harste); (2) "Curriculum as Inquiry" (Kathy G. Short and Carolyn L. Burke); (3) "The Journey from Pedagogy to Politics: Taking Whole Language Seriously" (Susan M. Church); (4) "What's It Going To Be?" (Patrick Shannon); (5) "Critical Inquiry or Safe Literacies: Who's Allowed To Ask Which Questions?" (Barbara Comber); (6) "Writing for Critical Democracy: Student Voice and Teacher Practice in the Writing Workshop" (Timothy J.
